## Description:

The event will take place on 10/30/2020 starting at 6 pm CDT in the DePaul Esports discord. Depending on the number of participants we expect to split the lobbies such that each lobby is equal for the full length of the tournament. We expect participants to be able to attend the full event which should last for about 6-7 among us matches. For example, 18 participants would permit two lobbies of 9 of which the **top 10 players will receive a sweatshirt price! Color can be selected!**

## Schedule :

- Match 1: Skeld (6pm)
- Match 2: Skeld (6:20pm)
- Match 3: Mira (6:40pm)
- Match 4: Mira (7:00pm)
- Match 5: Polis (7:20pm)
- Match 6: Polis (7:40pm)
- -- end of the tournament -- Approximately 8 pm
- Free play among us

The schedule will be rolling and does not need to start at the given time, after matches players will report the match outcome in a #score-report channel and then can head into another match.

And will permit us to have a VOD to review when figuring out which players acquired the most points. Players are permitted to stream on twitch but are encouraged to use a 5-minute delay to prevent stream sniping.
